

### EB11 Boost Timer

The EB11 Boost Switch allows you to boost the heat for 5 different periods of time without having to remember to switch it off. Your Thermorail will revert back to 'Off' mode after the selected amount of time, thus reducing energy consumption.

### Technical Data

|                |                   |
|----------------|-------------------|
| Supply Voltage | 230–240V AC       |
| Maximum Load   | 13A               |
| Warranty       | IP20              |
| IP Rating      | 3 Years           |
| Unit Size      | W86 x H86 x D22mm |
| Cut-out Size   | W75 x H75mm       |
| Colour         | White             |
